Wednesday 9th September 2020

Dear Parents,

We are looking into ways in which we can safely reopen the Hive. As an existing user of the Hive please could you let us know if you are still requiring to use this service. I have attached a booking form for you to let us know what your family's requirements are. Please could these be sent back no later than **Friday 11th September**.

Once we have all the booking forms back we can then plan how we can safely re-open the Hive. We understand there is a demand for this service and will be in touch with an opening date once we feel we have all the best safety measures in place.

Many thanks for your patience,

Sally Needham
School Business Officer
