Peripatetic Music Lessons

Dear Parents and Carers

At Longstone School, we are well-known for our love of music and after missing many musical experiences this year, we are keen to keep our love of music alive. We are extremely lucky to have a range of peripatetic music teachers, who teach violin, guitar, cello, flute, clarinet, drums, piano, cornet and singing to name a few. They have been busy preparing safe measures to ensure our children can still enjoy private music lessons in a safe way. As we enter a new academic year, we have some spaces available for a range of instrumental lessons.

These lessons are a fantastic opportunity and it would be lovely to see as many children as possible enjoying music lessons from one of our excellently trained peripatetic teachers. If you would like any information about the peripatetic music lessons that your child can access, please call the office or email Mrs Needham for more information.

Thank you

Mrs A. Crease
Music Co-ordinator
